Up-State New Yorkers Protest Against Belden's Recognition.

JISOWNED BY HIS PARTY.

Onondaga-Madison District Leaders Say He was Sent to Congress by Democrats.

WHITE HOUSE TO BE NOTIFIED,

Republican General Committee Formally Airs Its Views in a Resolution Which Will Be Forwarded to Washington.

Syracuse, N. Y., May 8.-When ex-Collec-

tor of the Port of New York Francis Hendricks and his colleagues, ex-Senator Frank Hiscock and Clerk of the Senate John S. Kenyon read that President McKinley had decided to recognize Congressman James J. Belden in the matter of patronage in the Onondaga-Madison district, they were as tounded. They became so thoroughly alarmed that a meeting of the Republican General Committee was held this noon to register a protest with President McKinley. Prior to the meeting Hendricks, Kenyon,

Senator White and others met in the former's office and discussed the form of the resolution to be sent to the White House. It was agreed that in substance it should be after the manner of interviews which Kenyon has given out at the Fifth Avenue Hotel in New York City in reference to the situation in this Congressional district. Then the leaders went to the

After Chairman Kenyon had announced the object of the gathering, Ray B. Smith presented the resolution, directed to the President, and moved its adoption. There was not a word of debate, and the resolu-tion was adopted with a chorus of "Ayes" from the faithful. After the meeting, which was secret, Chairman Kenyon refused t give out the resolution for publication, on the ground that it was an official communleation to the President, and that therefore it ought not to be made public from this end of the line.

Calls Belden No Republican. The resolution claims that Belden was elected by Democratic votes, and the vote cast for the McKinley League candidates the measure of the Republican votes which the measure of the Republican votes which were cast for Belden. The latter's candidacy is alleged to have been the result of a deal by which four Democratic members of the Assembly were to have been elected. The resolution purports to speak on behalf of 24,000 Republicans in Onondara and Madison countles who voted for Theodore L. Poole. The plea that President McKinley should refuse to recognize Belden as a Republican is made also on the ground of party regularity, for it is deuled that Beldent represents the Republican sentiment of this Congressional district.

F. N. B. Lichtenberg, an Englishman, and a Companion Victims of South Sea Islanders

Astoria, Ore., May 8 .- According to prie advices here yesterday, F. M. B. Lich tenberg, a young Englishman, who arrived in this city about two years ago and left a year later, has mer a horrible fate at the rands of the cannibals in the South Sea Islands. He, with anathor mon was taken prisoner, killed and eaten by the tribes of

prisoner, killed and eaten by the fribes of the islands.

Lichtenberg went directly from Astoria, together with an ex-missionary whose name is not known, to trade with the natives of the Santa Cruz Islands, which have a population of about 20,000. The ex-missionary had traded with them before, and having been among them in his religious capacity, entertained no fears for the safety of himbelf and companion.

The men, says the letter, procured traders' outfits and set sail from Anstralia for the islands. The natives, who are reputed to be more feroclous than any of the African tribes, captured and held them for some time. Later they were killed and eaten. The story gained circulation through a half-civilized native who witnessed the awfol feast.
